Company C, of the 23d infanty, moved out to dislodge them and a hot flight followed. The insurgents only showed their heads from time to time and poured volleys into our line. We here lost one man killed and one wounded. The firing of the 23d men at this point was magniferent.

and many private residences. There was no loss of life or serious canafities.

It is impossible at this hour to get an estimate of damage to dwellings and other private property. The total damage by the fire is conservatively estimated at 500,000. The fire originated at the same spot as that of five years ago. There was awind from the west prevailing and the courthouse was only aware by the present effort. Neveral times the front rooms were like a roaring furnes. The presence oils and explosives and their continuous explosion interfered with the work of extinguishing the fire and endangered life. A few unfortunates lost their self-control and their distress was pitable to behold, but the Anglo-Saxon asserted his manhood in the presence of danger, and a living wall of brawny men restrained them. About 40 per cont. of the loss is covered by insurance.

The Musogoe citizens indicate their intention to rebuild their ruined homes and business. There were many deeds of heroism and the fire company did all that was possible with their limited apparatus. The greatest was the records of the Union Indian agency.

Those who have been in and learned the prices that we are making on our fine goods they have no doubts. You who have not been in, and who do not avail yourselves of the benefits of this, the greatest sacrifice sale ever made in this city, will be the losers. # And Men's Furnishings of every kind—Shirts, Underwear, Hats, Caps. Our line of fine Stiff Hats we believe to be one of the best stock in the state. All of these goods will be offered and sold at less than hall their real value. This sale will continue until the whole stock is sold out and the business of the firm settled up. It will pay you to see these goods for present or future use. You will surely never again get them so cheap. It we were going to continue in business we would not think of selling these goods at the prices they are going for. We ask you to come in and see the difference between a genuine closing-out-to-quit-business sale and the fakes that are so frequently advertised. In twenty years in business in this city we have never advertised anything that we did not do. We stand upon our record. This sale is the real thing—closing out dissolution to retire from business at prices never before equaled and perhaps never will be again. You can't afford to miss it. Respectfully,

Cor. Second and Market Streets, Maysville, Ky. DODSON'S BUILDING.
